Every now and then, take a second, breathe deeply, and think of me. Smile and know that I’m always with you...
SO LONG, VIC…

I grew up in the farming community in and around Watsonville, California. My family was in the farming business raising brussel sprouts, artichokes, apricots, apples and cattle. In 1958, I moved to Sacramento and entered the engineering program at Sacramento State University. During my last year, and for one year following graduation, I worked for Aerojet General Corporation on a team of engineers assigned to the Polaris Missile Design Program.

In 1961, I came to work for Sacramento County as an engineer in the Public Works Water Quality Division. Most of my work involved supervising engineering groups that designed various sewage collection and treatment projects, including planning and design of the Sacramento Regional Wastewater Management Program. At the time I retired, this was the largest engineering program ever undertaken by the Department of Public Works.

In 2007, I was appointed as Treasurer for the SCREA Board. I have enjoyed working with the Board these past 10 years and assisting the retirees of Sacramento County. I think one of the highlights of my tenure was when the SCREA Board filed and pursued a lawsuit on behalf of retirees to protect our medical insurance subsidies. Even though we ultimately lost that lawsuit, it was an educational and worthwhile experience.

My personal interests have included spending time with my four children and six grandchildren, motorcycling, ocean sport fishing and RV travels. My wife and I maintained a sport fishing boat at Bodega Bay for about 20 years and enjoyed some wonderful adventures catching salmon, albacore tuna, halibut and ling cod. We currently have a 38-foot fifth-wheel that we’ve taken on trips along the pacific coast and throughout much of the southwestern U.S. We have also made a couple of trips to European destinations and hope to be able to expand our overseas travel after I complete my service on the SCREA Board.

The SCREA Board wishes Vic and Lyn the best in their future endeavors. You will be missed!

RED HAWK CASINO BUS TRIP

Unfortunately, the bus trip to Red Hawk Casino was cancelled because we did not meet the minimum of required participants.

We are talking about having a day trip to Reno in October. More information in the next News Brief.
WELCOME, DAVE…

Retiree Dave Irish was appointed to the SCREA Board of Directors by President Smith at the December 12, 2016 holiday luncheon.

Dave comes to us with over 35 years of audit, accounting and treasury experience with Sacramento County and as a volunteer for various non-profit organizations. Dave worked in the Department of Finance/Auditor-Controller Office from 1984 to 2010, serving in the positions of Chief of Accounting and Reporting; Chief of Audits; Internal Audit Manager; Assistant Treasurer; and retired as the Finance Director. As Finance Director, he was responsible for all accounting, banking, investment, tax collection and internal auditing for Sacramento County.

Dave also served as Treasurer for the Sacramento County Management Association.

After retiring from the County, he served as Senior Vice President and Executive Relationship Manager for JP Morgan Chase Bank for 4 + years.

The SCREA Board of Directors welcomes Dave as part of our team in assisting County retirees. We look forward to working with you.

Please come join your fellow SCREA members at the Sacramento Rivercats Baseball Games. We will be sponsoring two games. There are four Members on the Board of Directors whose terms are expiring June 30, 2017. The election will be held during the General Membership meeting on Monday, June 12, 2017 at 1:00 pm at the Dante Club, 2330 Fair Oaks Blvd., Sacramento, CA 95825.

Three of the four incumbents have submitted their letters of interest to continue serving another term. They are Sue Murray, SCREA’s current Membership & SCERS Orientations Committee Chair and, also, Information & Website Committee member; Jane Smith, current Sunshine Committee Chair; and Pamela Thomas, current Information & Website Chair, including News Briefs Editor and, also, Nominations Committee member. They are Members in good standing, a requirement to serve on the Board of Directors.

Vic Scotti, current Treasurer is not seeking re-election. He will be retiring from the SCREA Board of Directors after dedicating his excellent service to this very important Board of Directors position. On March 13, 2017 at the last General Membership meeting, President Barbara Smith appointed Dave Irish to the Board of Directors to a position that had been vacated by Gil Magness over a year ago. Dave has agreed to take Vic’s place as Treasurer effective July 1, 2017.

Vic’s retirement from the Board creates another vacancy. A letter of interest has been received from Bob Weil, who retired from the Sheriff’s Department in March 2004 after 32+ years of service to Sacramento County and is also a member in good standing. Bob will be added to the slate of candidates to be voted upon at this election.

As stated in Article VII, Elections, Section 5, “A written ballot election will not be necessary should the number of candidates not exceed the number of vacancies. Should the number of candidates not exceed the number of vacancies, the Nominating Committee Chair or his/her designee shall announce the official slate of candidates and request a voice vote for the election of the new Directors.” Consequently, a voice vote will be taken to fill the four positions up for election.

While the General Membership meeting will convene during a break of the June Luncheon, Members interested in attending the General Membership meeting, but not the luncheon, are encouraged to do so. Members are not required to participate in the luncheon in order to attend this important meeting. There is no cost to attend the meeting.

The Nominating Committee Members are Linda Kimura, Chair, Martha Hoover, Kathy O’Neil, Susan Shaughnessy and Pam Thomas. They reported the aforementioned slate of candidates during the April 3, 2017 Board of Directors meeting, which officially closed this current election process and finalized the slate of candidates to be considered at this June 12, 2017 General Membership meeting.

USA TRACK & FIELD CHAMPIONSHIPS
RETURN TO SACRAMENTO
JUNE 22-25, 2017

By Sue Murray

The USATF Outdoor Championships are returning to Sacramento State’s Hornet Stadium June 22-25, 2017. The best track and field athletes in the country will compete to qualify for the IAAF World Championships later in the year. Among the participants you are likely to see some of last year’s Olympic Medal winners.

The 2000 and 2004 U.S. Olympic Track & Field Trials at Sacramento State were the best-attended Trials in history, averaging more than 20,000 spectators over each of the 16 days of competition. The two Olympic Trials were preceded by well-attended national championship events in Sacramento in 1968, 1981 and 1995. The 2017 USATF Junior Outdoor Championships will be held in conjunction with this meet.

SCREA Board Member, Sue Murray, & her husband John are track & field officials & will be working at this meet. They have been officiating track meets throughout the country for 17 years. Sue is a member of the Discus Crew & John is the Coordinator of Officials. John has officiated at every Olympic Trials since 2004 & has been the Chief Official of the Javelin Throw since the 2008 Olympic Trials. Last year John & Sue worked at the World Indoor Track & Field Championships in Portland, Oregon—“it’s a very rewarding experience to work with these very talented athletes from all over the country & the world.”

If you have an interest in seeing some of the best track and field athletes in the Country “up close & personal,” consider volunteering. There are hundreds of volunteer positions that need to be filled. For more information go to www.saceventcrew.com.

For ticket information go to www.sacsports.com/2017usatf.

The following article was prepared by Kathy Norris, SCREA’s AFLAC Representative...

Most of us do a pretty good job of planning for retirement...some cash savings in addition to our pension...have the mortgage paid off...good retirement benefits. Yet, even with good planning, real life happens. Maybe our benefits do not stretch quite as far as we thought...maybe our expenses are more than expected. And then, the unanticipated health event; perhaps a heart attack or stroke or perhaps a cancer diagnosis.

No matter how good the medical insurance coverage, there are incidental expenses. Maybe a hotel bill for that out-of-town hospital stay; maybe a new ramp for the home entry.

A couple of examples:

CANCER: One client’s spouse was diagnoses with kidney cancer. Initial treatments in Sacramento but later additional treatments at Kaiser Vallejo. This couple had AFLAC’s cancer plan. They got benefits for the initial diagnosis, mileage to/from Vallejo, hotel benefit for the spouse’s stay while the other in the Vallejo hospital, and benefits for chemo and radiation. Their total AFLAC Cancer Plan benefit was over $42,000. Turns out they did not need living expenses, so they used the funds for a

Continued on page 9
A 1955 State Supreme Court ruling provided the basis for what has been referred to as the "California Rule". It is not really a "rule" but rather a legal doctrine that essentially says that no vested public employee benefit, such as a pension, can be reduced unless the public employees are granted another benefit of equal or more value.

Fast forward to 2013 when a new State law went into effect called the "California Public Employees’ Pension Reform Act" that effectively reduced pension benefits primarily for employees hired after January 1, 2013. But this new law also included a handful of provisions that affect current workers. Unions claimed that this 2013 law unfairly deprives employees of vested benefits.

Two legal cases on this subject are now moving to the California State Supreme Court. In both cases, the appellate courts unanimously ruled that public pensions offered at hire can be cut without an offsetting benefit. If the State Supreme Court agrees with the lower court rulings, it would potentially undermine the basic principle of the “California Rule”.

For the past few years, I have served as the Co-Chair of the Retirement Security Committee for our state-wide “California Retired County Employees Association”. We represent over 170,000 county retirees in 20 counties. We are always on the lookout for actions that might threaten our pensions. I personally believe that the issues of this California Supreme Court case would not impact pensions of current retirees (like all of us), but rather it could affect some aspect of pensions promised to current public workers. (This is my opinion; I am not an attorney.)

The 1955 legal doctrine has provided public workers with assurance that promised benefits could not be reduced without providing an offsetting benefit. And for over 60 years, that has been assumed to be the law. Our SCREA Board of Directors will closely monitor this legal issue as it goes through the California State Supreme Court and keep you posted on their ruling. It is an important issue for public employees.

California Retired County Employees Association (CRCEA) represents 20 California retired County employee associations at a state level. The Retired Employees Association of Ventura County (REAVC) was the host county for this conference. The conference was held at the Crowne Plaza Ventura Beach Hotel April 24-26, 2017. SCREA is one of the associations included in this group. Dave Irish and I attended the conference on behalf of SCREA.

- Dr. Barbara Spraktes – Epidemiologist for Ventura County Public Health Services. She talked about the Zika Virus, Malaria, and things you should do before you travel. You should research the areas where you will be traveling to see what vaccinations you might need. Some need to be started two weeks before you travel.

- Eric Peterson, LPL, Financial Manager – spoke on the five most common investment mistakes which are; 1) Keeping the wrong amount in cash; 2) Improper ownership or beneficiary on your accounts; 3) Not protecting against outside risk to your portfolios; 4) Not having a strategy for your portfolio and sticking to it; and 5) Dealing with the wrong type of company or advisor for you. We are keeping our eye on some that could affect pension reform, SCERS and a couple of constitutional amendments. We may have more information to share at the June Luncheon.
